

Rave Reviews!

We don't like to boast so we let customers just like you do it for us.

“Unknowingly, I had been struggling with chronic fatigue and fibromyalgia for years before finally receiving the correct diagnosis from a great team of care givers in Edina. These wonderful healthcare professionals introduced To Your Health to me! I have been using **Fibro-Care™** for almost a year and it has helped my conditions in many ways. I also have started to use CBD from To Your Health which is great – I use it at night and I can get out of bed in the morning without the usual aches and pain.” *Linda L, Minnesota*

My fibromyalgia story starts in 1989 when I was diagnosed. The one (product) that made me sit up and take notice was **Fibro-Care™** for how fast it took the edge off my pain, which was off the charts back then. What I learned about supplements is that quality – like **Fibro-Care™** – makes the difference.
Jolaine H, Arizona

I have suffered from fibromyalgia (FM) since my early twenties, before they knew what to call it. I also have life altering injuries, where the FM loves to show up and attack. Sometimes, my FM keeps me from functioning, more so than my spinal fusion! I do not want to take more medication, so I opt for supplements. I couldn't live without **Fibro-Care™**. My doctor even sells it at his office and he has written books on fibromyalgia. So thank goodness for **Fibro-Care™** !!!
Amy S. Ohio

I was looking for a more natural approach to deal with my fibromyalgia symptoms. I started with **Fibro-Care™** several years ago and saw an immediate difference in my pain and energy level. I have since added **Fibro-GABA™**, and just recently began to use **5-HTP**. I am very happy to have found a website that understands fibromyalgia. I have not used any prescription medication for 2 years now. I feel that for the first time I am able to manage this illness that can be so debilitating at times.
Brenda M, New Jersey

In 1991, I got Lyme disease which went undiagnosed for almost a decade. As a result, I am one of those “chronic folks” that the medical profession disdains. Due to Lyme disease, I have fibromyalgia, arthritis, and other issues, despite two separate and very lengthy rounds of antibiotic treatment. I had given up all hope that I would ever see any change in the status quo. In 2019, the client of a close friend of mine recommended TyH **Fibro-Care™** and passed along a catalog. At the time, I was taking SloMag, and had taken malic acid in the past, so I took a chance and ordered **Fibro-Care™**. There is definitely something very special about **Fibro-Care™**, its proprietary blend of nutrients! It took about three months but I gradually realized improved pain levels, energy level, recovery times and consequently an improved mental attitude. Although I am still far from 100%, I'm truly amazed at the difference **Fibro-Care™** has made in my life! With sincere thanks!
Martha W, Vermont

I strongly recommend **Fibro-Care™** to any other fibro-folks that I encounter. There's something unique about **Fibro-Care™**; I'm better able to absorb the magnesium and it's more effective than other supplements. I can't explain it. But when you find something that works so well, you want to shout it from the mountain top and share it with the world. I introduced my new doctor to **Fibro-Care™** and hope he recommends it to his other fibro patients. I bet there are many people even without FM that would feel better and have more energy if they took **Fibro-Care™** regularly. Great products and great service make me a loyal TyH customer.
Paul C, Massachusetts

I have taken **Fibro-Care™** for at least 20 years, ever since I was diagnosed with fibromyalgia. I tried many drugs prescribed for FM over these years, and **Fibro-Care™** has been far more helpful than any of them. I now need to increase my calcium, so I recently started to take **Fibro-Care Cal™**. I've always received great service and appreciate products that I know will provide more absorbable ingredients.
Ree N, Alaska

I love your products. For years my cholesterol has been over 250 no matter what I did. My last blood test it was down to 210. I'm guessing it will be lower next time as I will be on your products longer. I take **Fibro-Care™**, **David's 5-HTP SR™**, **Olive Leaf ESE™**, **Buffered-C 500**, **David's Fibro-Q10™**, **Multi-Gold™**, and **Acetyl-L-Carnitine**. I took **Fibro-Care™** for years, but when we moved I couldn't get it, as I got it from a naturopath. After a few years of being off, so glad I learned I could order from you! Thank you.
Cherry N, Washington

I've been taking **Fibro-Care™** for years for my fibromyalgia. Can't go without very long 'til I have lots of muscle aches and pains. Also taking **Multi-Gold™** and depending on it for more energy and better health. Thanks for your great products that work!
