I owe the quality of my wonderful life to TyH and **Fibro-Care™**, a good chiropractor and establishing a rigid sleep schedule. I was almost totally disabled with fibromyalgia when I researched and found **Fibro-Care™** about 24 years ago. With faithful use, it has given me the foundation to be able to build my way back to health and a very high quality life. I must confess through the years, I decided I was doing so well I did not need to reorder it. Then one morning I would wake up aching and barely able to get out of bed. Suddenly it would dawn on me and I would make an emergency rush order to get **Fibro-Care™** while I kicked myself. I am a slow learner! Now I always have an extra bottle and never miss a dose. The prices on all the supplements are very reasonable. As I have aged my body needs additional supplements for other problems. With much gratitude,

Linda D, TX

I just started with products from TyH but I **shop TyH because you are dedicated to helping people with fibromyalgia.** Keep up with your research as you are one of the few companies I know that dedicates itself to finding ways to help those who suffer from fibromyalgia.

I really know that all TyH vitamins are winners, but I especially love **Fibro-Care™**. Ever since I was diagnosed with FMS quite a few years ago, I sincerely believe that it was, and still is the reason why I have no signs of this syndrome anymore. I run 4 miles a day, but I also changed my diet. I also love **Multi-Gold™**, because it covers basically everything. I also use **Valerian Rest™**, and I can go on forever. God bless TyH.

I have taken **Fibro-Care™** for at least 20 years, ever since I was diagnosed with fibromyalgia. I tried many drugs prescribed for fibromyalgia over these years, and **Fibro-Care™** has been far more helpful than any of them. I now need to increase my calcium, so I recently started to take **Fibro-Care Cal™**. I've always received great service, and appreciate products that I know will provide more absorbable ingredients than others.

Multi-Gold™ seems to give my husband and I both more energy, now that I've got him using it. I like **Multi-Gold™** because it has so many good things in it and covers all the bases.

Thank you!

My favorite products are **Fibro-Care™** and **Multi-Gold™**. I have had so much trouble trying to convert from prescription meds to natural methods to treat my fibromyalgia. My doctor cut me loose as a patient, and I basically was left on my own to figure things out. TyH has been a life saver! I trust the products and they have helped me get my symptoms back under control. Thanks so much!

Thanks! I have been a customer for over 15 years and often share with others that the quality of your products is the best.

My daughter takes **Fibro-Care™** to aid in the symptoms of fibromyalgia. She takes it 2-3 times daily depending on the severity of the symptoms. She has run out a few times and she can tell the difference within a day or two of not taking it. She has constant pain and with the **Fibro-Care™** the pain is usually not as intense.

My Mom recommended TyH to me, when I started having nerve pain. My Mom has been a customer of yours for years to help with her Fibromyalgia pain. I trust the quality of TyH's products and that I can get all my vitamins and supplements all in one place. **Multi-Gold™** is one of the best multivitamins on the market. Thanks again,

What a great surprise! I am excited to try my new product that I won in your Winners' Circle drawing.

I was introduced to TyH by my Rheumatologist who suggested I try **Fibro-Care™** for my fibromyalgia. I have been taking it for 3 months now, and I can tell a big difference in my pain level.

I also found 5-HTP which helps with mood, energy, and more! I am in the middle of taking my first bottle and already can feel the difference. I've been able to get more done around the house and my mood has been more positive and happier. I love these products so much that I encouraged my daughter to give them a try. She ordered her first product a few days ago. Thanks TyH for providing the best products at an affordable price!
